

HeARTs Speak is a nationally recognized nonprofit organization that's uniting art and advocacy to increase the visibility of shelter animals. Through a variety of innovative programs, we're providing resources and education to both artists and animal shelters to help animals get seen and saved while simultaneously transforming the public perception of pet adoption worldwide.

*A quality photo can get a homeless pet adopted up to 60% faster*

- **ARTISTS HELPING ANIMALS** provides shelters with opportunities for direct collaboration with local photographers and creatives
- **THE PERFECT EXPOSURE PROJECT** brings comprehensive, hands-on photography and marketing workshops to areas throughout the U.S.
- **EDU** is an ever-expanding library of free, multi-media creative tools, tutorials and templates to inspire engaging and effective marketing
- **IMAGES WITH HEART** is a stock imagery site that helps to support the greater animal welfare community
